Call the Governor @601.359.3150

Script

Hi, I'm [NAME], a constituent. I'm extremely concerned about any MAEP rewrite.

I'm calling to ask Governor Bryant not to call a special session to rewrite the education funding formula until legislative leaders have convened a series of public hearings throughout the state with participation from all education stakeholders. Public education and its funding is too important for decisions about it be left to a few legislators. Communities and school districts should know the impact any rewrite will have on their district before any law is enacted. Please let Governor Bryant know that this is a high-priority issue for me and I'll be paying close attention. Thank you!

Make the Call

Sunday, March 12

Faith In Action

Faith leaders and congregants covenant to support public education, public education funding and to participate in the Rally. Actions may include: Special prayers for children and schools; Youth led service; Organize bus/van to attend rally

Monday, March 13

Local Action

Community members come together to highlight the importance of “A Seat At The Table”. Actions may include: Candle light vigil in front of the local school board office highlighting the need for transparency in the process; Host community poster design session; Take pictures of your local education needs and upload to FB.

Tuesday, March 14

Call your Legislator

Call your legislator and ask them to join you at the Rally.

Representative/Senator, I am (your name). I live at (your address). I will be in Jackson on Thursday, March 16 at 10:30 a.m. Please join me at “A Seat at the Table” A Community Mass Rally in support of Equity in Education Funding.

Public education funding is important. We are asking legislators and legislative leaders not to rewrite MAEP until a series of public hearings have been convened throughout the state with participation from all education stakeholders. Communities and school districts should know the impact any rewrite will have on their district before any law is enacted.

I do hope you can stand with me in solidarity at the rally as we demand “A Seat at the Table”.
